

HON Daily Chairs Direct chairs (all except basyx) are available in multiple fabric grades, patterns and colors, so your customers can choose just the right look for their work environment – and just the right price point for their budget.

Choose from the four grades and dozens of colorways shown on the following pages.
(The available materials for basyx chairs are shown later in this listing.)

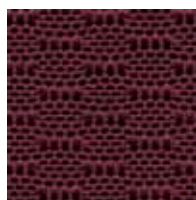

Disclaimer: Due to pattern scale and color variations in computer monitors and printers, we strongly suggest you view actual samples before making surface material selections.
