

PIMLICO LAMINATE

PIMLICO LAMINATE

With its sleek and stylized design appeal, the Pimlico Laminate series combines a smooth Mocha finish (7020) or a Cognac Cherry finish (7021) with satin aluminum finished bases and framed frosted glass modesty panels and doors. Enhancing its aesthetics, Pimlico Laminate features edges with a slight recessed angle and tops separated from chassis with a satin aluminum finish reveal complimenting its satin nickel drawer pulls. The basic pieces are offered in both flat pack (KD) pricing or can be purchased assembled. GSA schedule is pending for all Pimlico Laminate set-up items.

Tops

Tops are 1.25 inches thick with HPL surfaces.

The edges have a slight recessed angle for design appeal. Edges are PVC and are mocha colored to match the surfaces. Tops are separated from the chassis with a satin aluminum reveal that enhances the design and appeal of the product. Substrate is wood and wood material.

Construction

Chassis is wood and wood products with a Thermally Fused Laminate surface and aluminum finished framed frosted glass modesty panels.

It features Camlock construction with screws and cleats for reinforcement and stability.

Drawers

Drawers feature 5 sided construction with full extension metal roller bearing heavy duty suspensions. File drawers are equipped with metal rods for letter or legal sized hanging folders with front-to-back or side-to-side filing capabilities. Satin nickel drawer pulls compliment the other exposed metal of the items in the series.

Adjustable Levelers

All desks, file cabinets, credenzas, and secretarial units have adjustable levelers.

Specifications subject to change without notice.
