

**PIMLICO VENEER**

Combining satin aluminum finished bases and framed, frosted glass modesty panels and doors in either a Walnut (7023) or Bronze Cherry (7024) finish, the Pimlico Veneer series strike a high end, contemporary look. Subtle design elements include slightly recessed angled edges, tops separated from chasis with a satin aluminum finish reveal complimenting the satin nickel hardware and tops (on many items) designed with a convex shape. The basic pieces are offered in both flat pack (KD) pricing or can be purchased assembled. GSA contract pending on all Pimlico veneer setup items.

**Tops**

Tops on desks, credenzas and returns feature scalloped work sides for greater user maneuverability. Work surfaces are 1.125 inches thick with five-ply construction and hardwood rims. The 7024 features hand selected book matched cherry veneers; the 7023 features hand selected book matched walnut veneers. Substrate is wood and wood material. The slight recessed angle on the edges add design appeal as do the satin aluminum finished reveals that create a "floating" top effect.

**Construction**

Chasis is wood and wood products with book matched cherry veneers (7024) / walnut veneers (7023). Aluminum finish framed frosted glass panels provide an aesthetic contrast.

These collections feature Camlock construction

with screws and cleats for reinforcement and stability. Coordinating satin aluminum finish bases complete the look.

**Drawers**

Drawers feature a five sided dovetail construction with 3-ply bottoms that are stained and sealed and feature full extension metal roller bearing, heavy duty suspensions. File drawers are equipped with metal rods for letter or legal sized hanging folders with front-to-back or side-to-side filing capabilities. Satin nickel drawer pulls compliment other satin aluminum accent details of these collections.

**Adjustable Levelers**

All desks, file cabinets, credenzas, and secretarial units have adjustable levelers.

Specifications subject to change without notice.
