

AMBASSADOR

AMBASSADOR LAMINATE 

Ambassador combines traditional details and is featured in an Engraved Cherry finish. Decorative wood accent mouldings, recessed modesty panels, and decorative swinging bail pulls blend to create a rich traditional look. Drawers are suspended on quality, metal ball bearing slides to support heavy loads. File drawers are fully extending to access entire drawer contents, and are equipped with a metal filing system to accommodate letter or legal hanging file folders. The Ambassador collection is on our GSA schedule.

Tops

All top surfaces are high pressure laminate with veneer banded edges specifically chosen and color matched for this grouping.

Construction

Constructed of wood, medium density fiberboard, and other wood materials in an Engraved Cherry finish. Desks, credenzas, file cabinets and bookcases all have mortise and tenon, glued, stapled and screwed construction for maximum strength and durability. Bases and mouldings are solid wood.

Finish

All pieces are protected by DMI's Top Guard® finish to guard against stains and scratches.

Drawers

All drawers are French dovetailed for durability. Fully extending, metal, ball bearing suspensions feature progressive action for heavy loads. Medium density fiberboard drawer fronts and edges are grained to match the beauty of the top. Filing hardware is included for front-to-back or side-to-side letter or side-to-side legal hanging files.

Adjustable Levelers

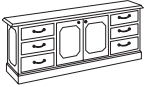

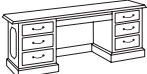

All desks, file cabinets, credenzas, and secretarial units have adjustable levelers to compensate for uneven floors.

Specifications subject to change without notice.
